

Area	1 B (snapshot at 2100)	7 B (Today)	20 B (snapshot at 2100)	
Identity	Grasshoppers (orphan "we can't do this" spirit)	A mix of orphans and kings	Kings (we can do this)	
General Opinion	There is not enough / if I fail we're doomed	Mixed Views	There is way more than enough / if I fail we'll learn and grow	
General Flow	Celebrate Death (fear is embraced)	Celebrate Fear (fear is entertained)	Celebrate Life (fear is laughed at)	
Gov Structures	1 Global	200+ Nations/Regions/States/Counties/Cities	200+ Nations/Regions/States/Counties/Cities/Neighborhoods	
People	Unisex mono culture suppression of differences	Mixed Strife from Historical Offense	Multi flavored rich cultural diversity multi-IQ celebrate sexes	
Rights	I am not responsible and I have no rights	They are responsible and I have rights	I am responsible and I have rights	
Justice	Leads to Survival (life worth more than liberty)	Leads to Dependence	Leads to Personal Liberty (liberty worth more than life)	
Evil	training the populace	misinformation, overemphasis, redirect conversation, country specific attacks	Misinformation, redirect conversation, external land grabs, treaties with social engineering conditions	
Business Climate	No Private Business	Alternately Avoids, Fears, Ignores, or Hides Plans from Gov't (except larger business and lobby associations who press for special representation)	Business Trusts and Shares Ideas (Gov't is brought to the table of most economic projects to authorize, empower and fast track business projects // top down protection from all graft)	
Gov Perception of Business	Hates It (All Personal or Group Initiative not initiated by the State is a Threat)	Tolerates and Micro Regulates It (Business is a Necessary evil. Unproven socialism may prove superior / gov push social experimentation)	Loves It (Business helps reduce crime, stabilizes the political climate as unrest from inequality or job/food shortages are standard tools of terrorism, supports culture, empowers the dreams of a nation)	
Trafficked Handicapped Refugees Orphans Widows (WORTH)	Destroys Safety Nets (let the weak die or accelerate the process / only value survive / I have value to the state as long as sees me as having value)	Politicizes Safety Nets (Leads to Dependence, Rather than Transitionally Empowering Needy)	Honor Safety Nets (equip and protect the weak, put lonely in families, plant businesses in neighborhoods, rescue relocation services for ophans/refugees/trafficked, retraining unemployed, orphan adoptions), Business addresses WORTH as a byproduct of projects for Gov'ts	
Immigration	No Immigration	Selective Immigration	Open Immigration (goal to have a good environment everywhere, so people usually move for temporary schooling or non-economic reasons)	
Land Ownership	Centralized (No private Property Rights)	Mixed (Land Grabs by multinationals and neighboring countries lead to various kinds of wars)	Local (no out of country ownership of land / you are welcome to build here and lease here but the land stays Ugandan and personal property forever)	

Area	1 B (snapshot at 2100)	7 B (Today)	20 B (snapshot at 2100)	
General Tactics	Genocide, selective breeding, engineered famine, destruction of the family unit, sterilization	Abortion, Euthanasia, Political Famine, Graft, Bad Science to Push Political Ends, Push Destructive Addictions to Accelerate Death	Produce Hi Tech Micro Farms and Share Food Innovatively to Avoid Famine, Aggressive AG Buildouts in Regions of High Population Growth, Decentralized Manufacturing, Encourage and Recognize Families as the best global safety net, Gov't protects and fast tracks business, Business lightens each Gov't nation's burden for THROW citizens.	
Intellectual Property Strategy	Steal It All (Gov't owns it)	Protect It All (Leads to Monopolistic environments until patents are released)	License It All (Forbid sales of patents / allow anyone to license patents from patent holders, paying fees to patent holders / no exclusivity / structure to create a win/win environment / ten year phasing in of laws)	
Faith	Man is God	Double Minded	We Can Do This (Some Believing God Will Help, Some Believing In Personal or Social Good will Benefit)	
Science	Used as a Tool to Enslave	Used as a Tool to Denigrate Political Opponents and Control Conversations	Politically Agnostic / Empowers dreamers to reach for the stars	
Dreams	Why Dream (we can't change anything)	Few Dreams (My dreams are lost or stolen)	Big Dreams because the Future has Great Potential
